Role of Military Police

Command, Control, and Communications of Peace Support Operations

Contingency Planning for Peace Support Operations

UN Planning Process

UN Logistics System

Role of Information and Intelligence in Peace Support Operations

Disarmament, Demobilization, Resettlement, and Reintegration

Negotiation and Mediation Techniques

Media Relations

Operational Lessons Learned

Life-cycle Patterns of Peace Support Operations

Mission Planning

Mission Execution

Sustaining the Mission

Mission Transition

Mission Termination

Mission Analysis and Staff Training Exercise

EIPC PHASE III MOBILE EDUCATION TEAM (MET) MODULES (MASL: P309078):

Module IV. Multinational Logistics of Peace Support Operations

Duration: One week

Location: Taught in host country by the Center for Civil Military Relations

Requirements: The ideal candidates for this course are logistics officers from senior captain to colonel, designated as senior instructors, logistics training directors, and curriculum developers assigned to peacekeeping training centers, war colleges and staff colleges, and general staff officers involved in logistics planning.

Course Outline:

Principles of Joint/Combined Logistics Planning

Operational Concepts of Logistics

Multinational Logistics Systems: Organization, Procedures, Budgeting,
Planning, and Logistics Operations

UN Logistics System

UN Logistics Organization and Functions

UN Documents and Guidelines

Terms and Definitions

MOU

UN Sources of Support

PSO Logistics Lifecycle

UN Logistics Base

Start-up Kits

Wet and Dry Lease Concept

Self-Sustainment

Letter of Assist

Reimbursements

Transportation

Loss and Damage

Verification and Control

Dispute Resolution

UN Civilian Administration

Integrated Support Service

National Support Element

UN Medical System

CMIC/CMOC

Guidelines to Troop Contributing Countries for Military Units

NATO Logistics

Selected Regional Mission Logistics

Logistical Contingency Planning Exercise

(NOTE: Module V, TTP of Peace Support Operations discontinued as separate module)

EIPC PHASE III MOBILE EDUCATION TEAM (MET) MODULES (MASL: P309078):

Module VI. Peace Support Operations Training Management and Curriculum Development

Duration: One week

Location: Taught in host country by the Center for Civil Military Relations and the Center for Excellence in Disaster Management and Humanitarian Assistance

Requirements: The ideal candidates for this course are officers from senior captain to colonel, designated as peacekeeping training center commandants, training department directors, senior instructors, and curriculum developers assigned to peacekeeping training centers, staff colleges, war colleges and general staffs.
